March 13, 2020

Dear Parents and Guardians of Prairie Valley ISD,

Thank you very much for your patience and diligence when it comes to precautions due to the Coronavirus COVID-19. We are very aware and being kept up to date about the concerns surrounding this situation. We share your concern about our students and we want to keep you as informed as possible. The attached letter is from the Montague County school superintendents. We are appreciative of their coordinated efforts with area health officials to keep us safe and informed. Please read this in its entirety.

We have been cleaning and disinfecting on an increased basis over the last week. With spring break being this upcoming week, it will give more time to deep clean our campus and buses. We will be clean and ready for our return after spring break. Some schools in the state have already planned to suspend classes for the week following spring break. These schools are in cities and counties with high numbers of positive COVID-19 tests. We have not been required or advised to extend our break at this time. If this does become the case in Montague County, we will be contacting you through multiple media outlets.

If our time away from school is extended, an “at home learning” environment must be created. To do this, we are sending appropriate textbooks, workbooks, worksheets and assignments. These assignments are just in case we are not allowed back on campus at any point after spring break. Our website will have every teacher’s email address as well, so that you can communicate with your child’s teacher at any time. If your family does not have an access to an email account, please message us on any social media site listed above to communicate. We will do our best to contact each and every one of our families that cannot connect digitally.

Thank you for your concern for our children and for your constant support and trust you have placed in Prairie Valley ISD. Your child means the world to us, and to me!

Sincerely,

Mrs. Sadler, Principal
